Special Instructions (delivery, etc):

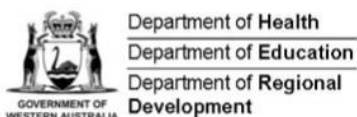

The table outlines the SBP products available and the number of units supplied in a 'Standard Term Pack'. The 'Standard Pack' quantities shown below - based on the supply of 24 meals, five days a week for 10 weeks (hot and cold alternatively) - are intended only as a guide. Schools are encouraged to customise the order quantities to suit their individual needs.

1. Please indicate (✓ or ×) whether the product is required
2. For each product, indicate the number of units required:
 - 'Standard': the quantity supplied in the Standard Term Pack
 - 'Double': double the quantity supplied in the Standard Term Pack
 - Custom: if the quantity of product required is not 'standard' or 'double', please write the number of units required.

✓ = required × = not required	SBP PRODUCT	UNIT CONTENTS	STANDARD PACK - # UNITS SUPPLIED	YOUR TERM PACK -# UNITS REQUIRED

Proudly Supported by:

Fresh SBP product (subject to availability and transport considerations)

To supplement your *School Breakfast Program*, Foodbank are happy (where possible) to supply a small 'starter' pack of fresh bread and/or fresh fruit and vegetables. (Please note that the supply of fresh bread and fruit/vegetables is subject to product availability. Supply of fresh produce to some areas is not possible due to transport considerations.

BREAD - Please note the bread is sent frozen in foam boxes via unrefrigerated transport, and will have defrosted by the time the order is received; therefore only 8 -10 loaves will be sent. For health and safety reasons, we do not recommend the re-freezing of bread.

FRESH PRODUCE - A quantity of chilled fruit will be sent in foam boxes via unrefrigerated transport. Please indicate the approximate weight you wish to receive with your order below. (Please note that all fresh produce should be washed before consumption).
